

Environment and Green Space

Our policies aim to protect and enhance environment and greenspace by,

- 1) Only allowing development of undesignated greenspaces in special circumstances
- 2) Supporting efforts to enhance green spaces and improve biodiversity.
- 3) Protecting gardens and hedges when buildings are developed and improved.
- 4) Protecting important mature trees and encouraging landscaping around the stadium.
- 5) Restoring and enhancing footpaths and ginnels
- 6) Encouraging planting schemes.

Town Centre

Our Town Centre should be an attractive, welcoming place, so our policies:

- 1) Encourage a mix of building uses.
- 2) Support measures to make it pedestrian-friendly and encourage safe cycling.
- 3) Ensure shop frontages are in keeping with the area's character.

Traffic, Transport and Pollution

We want to reduce the impact of traffic and better balance the needs of those travelling through Headingley and those who live and work here, by:

- 1) Supporting cycling and walking.
- 2) Advocating for better traffic management on the A660.
- 3) Requiring major employers/businesses to have active travel plans.
- 4) Protecting and expanding pedestrian and cycle routes.
- 5) Wherever possible, encouraging electric vehicle charging infrastructure.

Social & Community Cohesion

We want to encourage everyone who lives, works and has fun here to be welcoming, inclusive and considerate of each other regardless of age and identity.

The Plan includes a list of Community actions which people we consulted thought would help achieve this.

We want our plan to help shape Headingley into a good place for everyone to live, work and visit.

Please read it and let us know what you think.

Headingley Neighbourhood Plan

Pre submission draft plan
June 2020

Headingley Neighbourhood Forum
www.headingleyneighbourhoodplan.org.uk/

Our Neighbourhood Plan

In accordance with Neighbourhood Planning Regulation 14, Headingley Neighbourhood Forum is carrying out a public consultation and inviting your comments on the pre-submission draft Headingley Neighbourhood Plan.

You can read the policies in detail in the full version of the plan by

- Visiting our website:
<https://headingleyneighbourhoodplan.org.uk/>
- Visiting the Leeds City Council website:
www.leeds.gov.uk/np
- Phoning the LCC neighbourhood planning team (0113 37 87997) to request a hard copy of the plan:

Send us your feedback by:

- Filling in the form on the website
- Emailing info@headingleyneighbourhoodplan.org.uk
- Emailing npsupport@leeds.gov.uk
- Phoning the LCC neighbourhood planning team on the number above

We will be hosting an online 'drop in' on Google Hangout on 9th August 2020 at 2pm. Please email info@headingleyneighbourhoodplan.org.uk for your invitation to join in

The Consultation runs between Tuesday 16 June and Tuesday 8 September 2020.

What's a Neighbourhood Plan and why do we need one?

This Neighbourhood Plan will be part of the statutory Development Plan for Leeds and the planning policies in it will influence the City Council's planning decisions in our Neighbourhood Plan Area from the time it is 'made' by the City Council through to 2033.

We have tried to ensure that it fits with the City Council's broader policies and with the plans of neighbouring Areas

How has it been developed?

Since we began to develop the plan in February 2014, many residents, community groups, workers and businesses have taken part in our consultations. The Vision, Objectives and Policies in the plan are all grounded on their views and ideas, so that it sets out what our community values and want to achieve.

Thank you to everyone who has contributed.

Our Vision for Headingley

We want Headingley to continue to be a good place for a wide range of people to live, work and visit and to be open, inclusive and welcome new people.

What's in the Plan.

There are a series of cross-cutting topics which all add up to a greater sense of community.

- Better health and wellbeing,
- Better public spaces and facilities,
- Reducing carbon emissions and playing our part in the fight against climate change.

The plan itself is separated into 6 themes.

Housing

We aim to make the best possible use of the houses we have. Our policies support:

- 1) Mixed housing schemes
- 2) Retrofitting of existing properties
- 3) Improving the accessibility of the existing housing

Heritage and Design

Our policies aim to improve heritage and design

1. All new developments should relate well to their surroundings.
2. Development proposals for heritage buildings/ structures and public areas should show they will restore/enhance historic significance.
3. The Cardigan Triangle conservation should include Rochester Terrace and Broomfield Crescent.
